

# Township of Lower Merion Parks & Recreation

## RECREATION INFORMATION

### SUMMER 2026

Lower Merion Township offers a variety of programs, for both children and adults, year-round. Basketball, Pickleball, Soccer, Ultimate Frisbee and Tennis Clinics, Yoga, Chess Club, Art Classes, STEM Classes, Science Workshops, Multi Sports Classes and much, much more.

Please visit our website [www.lowermerionrec.com](http://www.lowermerionrec.com) for a current schedule of programs and classes.

If you do not have on-line access, no need to worry. You can still mail or walk-in to register for programs and pool memberships.

### REGISTRATION INFORMATION

You will be considered registered for a program only after the proper forms and fees are received. Payment is due at the time of registration. Checks should be made payable to “**Treasurer, Lower Merion Township**”. Registrations without accompanying fees will NOT be processed. Non-residents (including Narberth Borough) will have a higher registration fee.

**Please note, Summer registration will open February 2 (February 16 for Non-Residents).**

Nothing stops a program in its tracks faster than everyone waiting until the last minute to register. Many of our programs need a minimum number of participants to run so a program may be cancelled if there are not enough registrants. Minimum number must be reached at least one week prior to the start of the program.

#### ON-LINE REGISTRATION

The Parks and Recreation Department uses a software system for our Membership and Program Registration. This program enables participants to view programs offered and register on-line (convenience fees may apply). If you have on-line access, please visit [www.lowermerionrec.com](http://www.lowermerionrec.com) to create or log in to your account.

#### MAIL-IN/WALK-IN REGISTRATION

Registration forms can be mailed in or dropped off to our office, located in the Township Administration Building. Envelopes should be addressed as follows:  
**Lower Merion Township – Parks and Recreation**  
**75 E Lancaster Ave**  
**Ardmore PA 19003**  
Please note registrations will be processed as received.

### CANCELLATION, REGISTRATION AND REFUND POLICY

Please review the policies on-line prior to registering for a program.

#### PHOTO POLICY

On occasion, we may take photos or video of individuals enrolled in programs or using Township facilities. Please be aware that these images are for Township use and may be used in future promotional materials.

New program idea? Let us know! We are always looking for new programs to offer our residents. Email [recreation@lowermerion.org](mailto:recreation@lowermerion.org) or give us a call 610.645.6220.

## SOCCER CAMP, ROYAL T

*Ages 7 – 16*

Royal T Soccer programs focus on development of individual and ball skills rather than tactics of the game. The best academies in the world first teach skill foundation at a very technical level, this frees the players to focus on the tactics later. Tactics as simple ball skills are anything but. The level of tactical ability is dependent upon the skills attained with the ball. Royal T utilizes the Ajax system, a proven world class system of teaching the skills of the game.

## SOCCER CAMP, AMAZING ATHLETES

*Ages 6 – 10*

Educational Sports Programs

Get ready for an action-packed week of soccer excitement! Join Soccer Stars-World Cup Soccer Camp! Each day the kids will learn about a new country in the FIFA World Cup. Campers will learn a bit about culture, fun facts, language and famous international players each day! The kids will continue to develop fundamentals such as dribbling, passing, shooting, and teamwork through engaging games and creative soccer activities. Players will also “represent” different countries as they participate in mini-matches, obstacle courses, and World Cup-themed competitions that promote sportsmanship and team spirit. This cultural connection adds an exciting educational element and helps kids appreciate the global spirit of the game! Whether your child is new to the sport or already loves playing, this camp provides a positive, inclusive, and exciting soccer experience for all skill levels. You'll get to participate in wizard-themed games, learn about the literary elements behind magical storytelling, and develop friendship bonds through collaborative magical challenges! This course will empower scholars with a deeper appreciation for fantasy literature while encouraging teamwork, creative thinking, and the magic that happens when imagination is given room to flourish.

## DUNGEONS AND DRAGONS CAMP, GAME ON!

Ages 10 – 14

Role Playing Games (RPGs) like Dungeons & Dragons (D&D) are a great way for kids to gain and reinforce social cooperation, critical thinking, and arithmetic skills in a developmentally appropriate, fun environment of epic fantasy quests like those from the Hobbit and Lord of the Rings books and movies. This summer, experienced Dungeon Masters will guide kids through character creation, followed by several sessions of role playing in an adventure. Play will concentrate on the basics, so no experience is necessary, but veteran players will also have a blast! All materials will be provided, including dice, character sheets, reference books, and miniature figurines. At the end of the camp, the kids are welcome to keep their dice and figurines.

### First Responders

Explore the heroic world of first responders in this engaging and educational Summer Camp. Participate in fun, hands-on activities to develop essential skills in handling medical emergencies, administering first aid, rescue operations, and more. This program aims to inspire the next generation of helpers, teaching you how to respond confidently and safely in emergency situations involving friends, family, or the community. Through interactive lessons and simulations, learn the importance of teamwork, quick thinking, and caring for others in times of need.

### August 31 – September 4

### Reptile Rangers

Embark on a ssssuper reptilian adventure at our Reptile Rangers herpetology program! Designed for kids who have a fascination with snakes, lizards, turtles, frogs, and all things herpetological. We believe in learning by doing, offering numerous hands-on activities to engage and educate students about these incredible creatures in a safe and supportive environment. Reptile and amphibian encounters are available for groups under the careful supervision of experts.

Mission — “We aim to spark the imagination and curiosity of children everywhere by providing them with fun, entertaining and educational activities that instill a clear understanding of what science is really about and how it affects the world around them.”

<b>Full Day</b>	STEM Explorers/Amazing Architecture	Resident/\$375	Non-Resident/\$450
<b>AM Only</b>	Amazing Architecture	Resident/\$188	Non-Resident/\$226

#### **NASA: STEM Explorers**

Developed in partnership with NASA, our campers will think and act like NASA innovators during this hands-on program inspired by the NASA OPTIMUS PRIME Research Challenge (NASA OPSPARC). Use creative and collaborative skills to design a mission patch, train like an astronaut, build a Mars rover and solve real-world engineering problems. How might you use space suit cooling tubes be used to solve a problem here on Earth?

#### **BRIXology – Amazing Architecture**

Working with Lego Master builders we set our sights on designing structures that work. Towers need elevators and rocket capsules need parachutes. In this session we explore all things structural. From bridges to carnival rides and towers to mars landers. We build it, test it and then expand our creations. This session is fun for all who like to tinker. Children will receive a take home activity each day. Let the building begin!

### July 13 – 17

<b>Full Day</b>	Funky Forensics/Jr Naturalists	Resident/\$400	Non-Resident/\$480
<b>AM Only</b>	Jr Naturalists	Resident/\$213	Non-Resident/\$256

#### **Secret Agent Lab: Funky Forensics**

Step into the shoes of a detective— uncover the science involved in evidence gathering and analysis. Using your observational skills, collect evidence and analyze the clues left behind. Recreate the scene of a crime using schematics. Use science to connect the dots and help sniff out the suspects in this hands-on investigation into the science of sleuthing!

#### **Jr Naturalists**

Learn how birds and beasts catch their prey! Flow through the food chain and discover how animals and insects adapt to life on our planet. Explore how a change in the wind, water, and temperature affects all of Earth’s inhabitants. Build wooden birdhouses, dissect owl pellets and learn how animals navigate the world using scent trails. Campers will also build a bug house to observe critters and identify animals by making plaster animal tracks.

### August 10 – 14

<b>Full Day</b>	Journey to Outer Space/Mad Machines	Resident/\$400	Non-Resident/\$480
<b>AM Only</b>	Mad Machines	Resident/\$213	Non-Resident/\$256

#### **NASA: Journey to Outer Space**

Take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena. Create a comet and build your own Mad Science rocket and participate in a real NASA style rocket launch! Campers will take home additional NASA activities to complete at home! Mad Science is the ONLY organization licensed by NASA to use these activities for Summer Camps!

#### **Mad Machines & Jr Engineers**

Whether you enjoy building or destroying structures, you’ll love this camp! Work with simple machines such as pulleys, wedges, screws, and levers, to build your own catapults! Experiment with tessellation with triangles and cubes. Exercise your ability to work with others while constructing a geodesic dome big enough for everyone to fit inside! Let the building begin!

## **August 24 – 28**

<b>Full Day</b>	Super Slimy Smokey/Underground Explorers	Resident/\$400	Non-Resident/\$480
<b>AM Only</b>	Underground Explorers	Resident/\$213	Non-Resident/\$256

### **Super Slimy Smokey Science**

Dive into a variety of scientific fields as you help solve a mystery, stretch silly putty and slime, copper-plate nickels, tinker with circuits, and investigate optical illusions. Become captivated by lasers, dry ice, and hair-raising experiments! You will love what happens when you mix science and fun!

### **Underground Explorers**

From Dinosaurs to Ancient Civilizations! Learn about archeology and the techniques scientists use to excavate long lost cities. Discover ancient civilizations and the tools and artifacts they used in everyday life. Study bone fragments, pottery shards, amber deposits, and fossils to understand what they can tell us about history. Make incredible projects to take home, like an amber time capsule and antique coins from around the world!

## **BRICKS 4 KIDZ CAMP**

*Ages 5 – 11*

Bricks 4 Kidz, a leader in STEM (science, technology, engineering, and math) educational activities specializes in introducing children to advanced concepts in physics and engineering through hands-on play with LEGO® bricks and technologies in after school enrichment

programs, field trips and summer camps. [For more information, visit www.bricks4kidz.us.](http://www.bricks4kidz.us)

### **Amusement Park Mania**

Maybe you've been to Disney World, Universal Studios, Six Flags, or even LEGO Land... but have you ever built your own amusement park with LEGO bricks? That's exactly what we'll be doing all week, and not just regular LEGO bricks... we're using axles, gears, motors, and more to make our rides really move and groove! Join us for a week of amusement park building fun... the Bricks 4 Kidz way!

## **July 6 – 10**

### **Building is Awesome**

Do you think building is awesome? How about building with Emmet and Lucy? Then you won't want to miss the Bricks 4 Kidz Building Is Awesome Camp! Join Emmet, Lucy, Unicorn Kitty and Benny on a journey to stop Bad Cop and Lord Business from super-gluing the world. Campers will put their engineering skills to work as they build motorized models, 3D figure models and mosaics.

## **July 27 – 31**

### **Game On! Mario & Friends Edition**

We know you love Mario, Sonic, MineCraft and more, and so do we! But now it's time to unplug the console and pull out the LEGO Bricks! Get your game on as brick our way through levels of building, power up with some motor-powered LEGO models, and try to earn a few "extra lives" building mini-figures and 3D Sculptures. Each day is a new adventure as the virtual and LEGO® worlds collide the Bricks 4 Kidz way! Movie and its sequel. Whether you take an imaginary ride on Metal Beard's ship or Emmet's double-decker couch, be sure to get on over to Bricks 4 Kidz where building is awesome!

## **August 31 – Sept 4**

### **Brick a Palooza**

Bricks 4 Kidz THEME MASHUP is a fun camp with BRAND NEW and AWESOME LEGO® models for your Master Builder to create! Your Master Builder will have a chance to create motorized LEGO® models, 3D LEGO® color brick builds and our LEGO® Mosaics based on themes like MINECRAFT, Pokemon, Superheroes, and much more! Have fun building models such as a 110torcycle a 3-D LEGO® T-Rex, a hot air balloon, all out of LEGO® bricks! Can't decide which you like more!?! Join us for this AWESOME camp and try them ALL! Anything is possible in a Bricks 4 Kidz class. DON'T MISS THE FUN!

## PLAY-WELL TEKNOLOGIES CAMP

*Ages 5 – 12*

At Play-Well we know kids are naturally gifted creators. They receive added inspiration when they dive into our massive collection of LEGO® with our trained instructors. They will explore the fundamental principles of engineering while building elaborate objects, structures and vehicles. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long-lasting. Our classes are not affiliated with The LEGO® Group. [For more information, visit www.play-well.org](http://www.play-well.org).

#### **AM Session**

#### **Sports Lab using LEGO® Materials**

***Ages 5 – 7***

Get ready to bring your favorite sports to life, from the basketball court to the sandy beach, in an action-packed LEGO® adventure! Spend the day with our fun and energetic Play-Well instructors as you team up to design awesome stadiums, build cool machines that mimic real sports moves, and create exciting games that you can play solo or with friends. Together, you'll use your creativity and teamwork skills to engineer, build, and compete, making every moment a blast!

#### **PM Session**

#### **Pro Sports Lab using LEGO® Materials**

***Ages 7 – 12***

Step into the world of sports engineering with our LEGO®-powered challenge! Guided by our energetic Play-Well instructors, students will collaborate to design and build advanced stadiums, engineer machines that replicate real sports movements, and develop innovative games. Throughout the course, teams will compete in fun, hands-on engineering challenges that test their creativity, problem-solving, and design skills all while building teamwork and engineering confidence one brick at a time!

### August 3 – 7

#### **AM Session**

#### **Dino Designs using LEGO® Materials**

***Ages 5 – 7***

Travel back to the Jurassic era in this hands-on STEM adventure powered by LEGO®! Guided by our enthusiastic Play-Well instructors, young builders will return to the age of dinosaurs, using LEGO® to bring the time of the dinosaurs to life. Design and engineer secure habitats for gentle herbivores, embark on daring expeditions to track down elusive species, and uncover the secrets of powerful predator dinosaurs. Get ready for a dino-sized adventure packed with building, problem-solving, and imagination!

#### **PM Session**

#### **Jurassic Engineering using LEGO® Materials**

***Ages 7 – 12***

Dive into the world of dinosaurs through the lens of engineering and science in this immersive LEGO®-powered STEM course! Guided by expert Play-Well instructors, students will apply critical thinking and problem-solving skills to design and build secure habitats for herbivorous dinosaurs and go on expeditions to discover elusive species. This course challenges students to collaborate, innovate, and deepen their understanding of biology, engineering, and prehistoric ecosystems, all while bringing the Jurassic world to life, brick by brick.

## CHESS CAMP, SHINING KNIGHTS

*Ages 5 – 13*

Whether you are new to the game, learning to push pawns for the first time, or have played in numerous tournaments, and want to sharpen your skills, come to a Shining Knights Chess Camp! We have trained numerous state champions and national trophy winners. We have trained even more kids to enjoy the game that they can spend hours playing with friends and family. So, whether you want to win games in your living room against your parents or win tournaments in other states, come join us and learn how to play chess or play better chess! Campers receive a tournament-style chess set and a Shining Knights T-shirt.

### August 3 – 7

#### AM Session LEGO® Robotics & Coding – Summer Fun Camp

**Ages 7 – 9**

This fun and interactive camp will introduce children to coding, robotics, and engineering using the LEGO® Spike Essential Education Robotics Construction Sets. Throughout the week, campers will combine hands-on STEM activities and team challenges to learn coding, problem-solving, and critical thinking skills. They will work in pairs on building models using sensors and motors that will allow them to code their prototypes to simulate amusement park rides. Young engineers will learn and gain confidence as they build and test their designs, reinforcing these concepts.

#### PM Session LEGO® Robotics & Coding w/ Scratch MIT – Summer Getaway Camp

**Ages 9 – 11**

This engaging and interactive camp introduces children to coding, robotics, and engineering through LEGO® Spike Essential Education Robotics Construction Sets. Throughout the week, campers will participate in hands-on STEM activities and collaborative challenges to develop coding, problem-solving, and critical thinking skills. They will work in pairs building models using sensors and motors that will allow them to code their prototypes to simulate means of transportation using Scratch MIT, a block-based coding language. Young engineers will build confidence as they design, test, and refine their creations, bringing their innovations to life!

### August 17 – 21

#### AM Session LEGO® Robotics & Coding – Space Quest Camp

**Ages 7 – 9**

This dynamic and interactive camp offers an introduction to coding, robotics, and engineering using LEGO® Spike Essential Education Robotics Construction Sets. Utilizing sensors and motors, campers work in pairs to build and code models focused on space exploration. The camp incorporates a variety of hands-on STEM activities and team-building challenges. Through building, testing, and problem-solving, young engineers gain confidence while fostering creativity and innovation.

#### PM Session The Inventors Club – Camp Edition

**Ages 7 – 10**

Ignite Your Child's Creativity through STEM and Innovation! This program offers a unique blend of creativity, engineering, and hands-on learning. Everyday children will build exciting and challenging projects that combine science, engineering, and design thinking - constructing gadgets and simple machines that stretch their imagination. Young inventors will build their ideas step by step through fun, structured activities that spark curiosity, boost confidence, and develop essential problem-solving skills. Each session culminates in a take-home invention or two showcasing their creativity. New and unique projects everyday! Join us for an inspiring journey!

### DRAMA CAMP, THEATRE HORIZON

Ages 7 – 12

In Theatre Horizon's Summer Drama Camp, young actors spend a week working as an ensemble to create an original play – full of drama, comedy, suspense, and one-of-a-kind characters. Professional teaching artists guide campers through playwriting basics and fun improvisation games. On the last day of camp, they perform their world premiere play for an audience of friends and family using props and costumes they made themselves! Drama Camp is a place to make new friends, build ensemble skills, take on leadership roles, and explore creativity. Curtain up!

### EXTREME STEAM! Art Camp

Boys and girls climb aboard this creative experience to become a 21st-century innovator! In this camp, you will translate Science, Technology, Engineering and Math concepts into Art creations. Using a variety of art techniques, we will make a flying machine like Da Vinci, design a rocket ship, create an aerial view drone map and much more. Challenge your imagination and creativity and become an EXTREME artist while you play games, make new friends and have extreme fun!

### July 13 – 17

### 3D Art Creations

Join us for a fun-filled journey into the world of 3D! From making wind sculptures and crafting squishy paper toys to sculpting colorful hearts full of meaning, students will learn how to bring their creative ideas to life using a variety of art tools. We will dive into exciting hands-on projects while exploring the works of world-renowned artists such as Dale Chihuly, Yinka Shonibare, Maurizio Cattelan and others. Drawing inspiration from legends and myths, we'll create Chanchito pig sculptures and colorful rainbow animals. Whether you love to paint, sculpt, or invent, this camp is perfect for those who enjoy imagining big and creating boldly!

### July 20 – 24

### It's a Jungle Out There! Art Camp

Jump with us into this jungle adventure! Bring your best imagination and learn about the rainforest while you create animals, insects, reptiles, flowers and much more. Learn new art techniques and create friendly sloths, toucans, snakes, and piranhas. Find inspiration in the rainforest habitat and its people while you hear about their customs and create a tree house collage. We will have a wild time creating fun art projects, making new friends and playing games!

### August 24 – 28

### Art that Pops!

Get ready for a creative adventure where STEM and Art collide in the most POP-tastic ways. In this camp art jumps off the page! Students will explore creative art projects that sparkle, spin, pop and glow. We will create anaglyph images, design a rocket lava lamp, draw on expanding sponges and create monsters that pop right out of our imagination! Plus, we'll paint our own neon light signs and spin paper toys that transform into dazzling designs right before our eyes. We will have fun from the beginning to the end, inspired by Op artist Olympia Zagnoli, Neo-Folk artist Kristin Farr, Lothar Megendorfer famous for his pop-up books and Kasing Lung whose plush toys became a pop culture icon around the world! Using our wild imaginations and cool STEAM tricks, every day will bring a new surprise!

## SUMMER PROGRAMS

HappyFeet classes are a fun approach to ensuring your child has an absolute blast while developing elite physical skills and self-concept. During this stage your child will flourish within our imagination-based curriculum. Not only will they begin to develop excellent gross motor skills they will also begin to develop a healthy recognition of their own self-concept! Here our class time jumps to 1 hour as we allow time to introduce fun, non-competitive games along with our imagination-based learning approach. During your child's time with us at this stage they will begin to learn basic and advanced soccer moves with the ball. These moves are then incorporated into the stories and games that we play with your children to increase repetition without it ever feeling like practice! ## SOCCER, ROYAL T

**Ages 7 – 14**

Royal T Soccer programs focus on development of individual and ball skills rather than tactics of the game. The best academies in the world first teach skill foundation at a very technical level, this frees the players to focus on the tactics later. Tactics as simple ball skills are anything but. The level of tactical ability is dependent upon the skills attained with the ball. Royal T utilizes the Ajax system, a

definitely proven world class system of teaching the skills of the game.

### Fine Art

In this 5-week program, children will be introduced to famous artists and their art through stories and games. We will examine paintings and environmental art, identify portraits and landscapes, and reflect on how various works of art make us feel and what we consider “art.” Children will become familiar with the art of Monet, Gauguin, Renoir, Klimt, and Christo and Jeanne-Claude. Each class will conclude with an open-ended craft inspired by the art, stories, and presented materials.
